HURT AT BEDFORD

GUY BENT HAS COLLAR BONE
BROKEN IN TWO PLACES.

KNOCKED DOWN BY AUTO

Would Have Been Killed But For the
Quickness of the Driver
of the Car.

Guy Bent, the 19-year-old son of Mr. and Mrs. Lincoln Bent of this city, met with a painful accident Thursday afternoon at Bedford, Ia., where he was engaged with his brother-in-law, Albert Swann, in erecting the new Clark opera house building there, under the direction of the contractor, Lincoln Bent.

The accident happened just at noon, as the men were staving for dinner. Mr. Swann and his brother-in-law were having a playful scuffle as they started to their boarding place, and young Mr. Bent started quickly across the street after having given Mr. Swann the last "chug" in the little scuffle. His cap was pulled down over his eyes so low that he did not see an automobile that was nearly on him as he reached the middle of the street, and the driver could not stop the car before it struck him.

The occupants of the car were Mr. Tracey and his son, who are automobile dealers of Bedford. The younger Mr. Tracey was driving the car. Seeing he would be unable to stop his car from striking Mr. Bent he held out his right arm and shoved him forward to prevent a sharp projection of the machine from passing into his head. This act of Mr. Tracey, Jr., saved the young man from being instantly killed. Mr. Lincoln Bent says, who witnessed the accident. Mr. Tracey's arm was badly lacerated in his successful effort to save the young man's life.

Young Mr. Bent's injuries were attended to by Drs. Dunning and Archer of Bedford. His collar bone was broken in two places. An end of the bone protruded at one place and several stitches had to be taken. A bad cut was on one side of his head and a deep cut in one leg.

Mr. Bent and Mr. Swann brought the young man to Maryville on the Burlington train Thursday evening and he was taken to his home at 405 West Fourth street.

He suffers considerably from his injuries, but his perfect condition physically will enable him to make a good recovery. It was indeed a lucky accident.

OMAR CATTERSON MADE WINNINGS

Omar Catterson captured several premiums in the interstate live stock show at St. Joseph Thursday with his Aberdeen Angus cattle. In the junior bull class he won first with Queen Ito Lad, and in the senior bull class he won fourth with Queen's Quality Lad. In cows 3 years old and over he was awarded third premium on Glen Erie Mary, and in cows and heifers 2 years old and under 3 he was awarded second premium on Queen's Quality.

Mrs. David Housel went to St. Joseph Thursday evening to visit her daughter, Mrs. Lewis Morgan. She was accompanied by her grandson, Master Tracey Starr, the son of Mrs. Morgan, who has been visiting at the Housel home. Communication

Editor Democrat-Forum: I noticed in the daily last week a statement from Mr. Anderson Craig in regard to the probable candidacy of Hon. E. P. Deal of Mississippi county for state treasurer, which pleased me very much. I did not know that Mr. Deal was spoken of for any state office, but I do know that he was the most able representative by far in the forty-sixth assembly. He handled the appropriation bills in a manner that commanded the respect and admiration of everybody. He did more and worked harder than any other member of the house. I think I am safe in saying that the manner in which he handled the work assigned to him enabled the senate and house to complete their work at least ten days earlier than they would have. My personal acquaintance with Mr. Deal is very limited, but from what I saw of him last winter he is just the kind of a man that I like to support for any office.

A CORN CONTEST AT THE STREET FAIR

In another column of this paper will be found an advertisement of more than usual interest to the farmers of this vicinity. In it are set forth in a brief way the conditions governing entries in the corn contest to be held during the street fair for prizes offered by the Alderman Dry Goods company and the Field-Lippman Music company. The prizes offered by these enterprising firms aggregate \$65, divided into four divisions with ten prizes, the largest of which is a sweepstakes prize of \$20 for the best ten ears of corn of any variety.

Prof. John E. Cameron of the department of agriculture at the Normal will do the judging, which will close October 12th. The two stores will have booths at which all of the corn entered will be placed on exhibition, and on Saturday, the 14th of October, will be sold to the highest bidder at auction, the proceeds of the sale going to St. Francis hospital.

The exhibits are to consist of ten ears each, and entries must be made by Wednesday night, October 11th.

BOYER, REFEREE IN BANKRUPTCY

John S. Boyer, the attorney, has been appointed referee in bankruptcy for the St. Joseph division of the western district of Missouri for a term of two years from January 1, 1912, by Judge A. S. Van Valkenburgh of the federal court. Boyer succeeds Ben J. Woodson, appointed twelve years ago by Judge John F. Phillips. Mr. Woodson, who is a Democrat, had tendered his resignation to Judge Van Valkenburgh, effective the first of the year. The office pays about \$2,000 a year in fees.

Boyer is a native of Buchanan county and has been practicing law in St. Joseph twelve years and served a term as city attorney. Boyer belongs to the cotton sock faction of the Republican party and is related by marriage to John Albus. Other candidates for the appointment are C. V. Hickman, classed as a silk stocking, and Judge C. A. Mossman, neutral.

SEVENTY-FIVE PRIZES IN THREE YEARS

John S. Gross sent two pens of Rose Comb White Leghorn chickens to Sedalia Thursday evening for exhibition at the Missouri state fair next week. He will go to Sedalia the coming Tuesday. The birds are dandies. He values one cockerel highly and has refused \$25 for him. Mr. Gross has captured seventy-five prizes with his Rose Comb Leghorns in the last three years.

Here On Business.

Mrs. Allie Woolley of Kansas City and her sister and her husband, Mr. and Mrs. Charles J. Ferrel, of near Platte City, came to Maryville Thursday on business. Mr. and Mrs. Ferrel returned home Thursday evening, but Mrs. Woolley remained for a short visit, the guest of Mr. and Mrs. G. P. Balmum and other friends and relatives. She will go to Skidmore Friday evening to visit relatives until Saturday, when she will return home.

ENTRIES FOR STREET FAIR

Span of Suckling Mules Sold by Chris
Jackson Are Said to Be in the
Prize Winning Class.

(Skidmore New Era.)

John W. Barber, son of F. C. Barber, three miles west of Skidmore, met with the serious misfortune Thursday of losing three of his fingers while feeding a corn shredder. John was wearing gauntlet gloves, and while feeding the machine a heavy stalk of corn struck and knocked his hand into the knives before he could jerk it back, cutting off the first, second and third fingers below the knuckle joints.

Mr. Barber came to town and Dr. Lee dressed the hand. The next morning Mr. Barber and his wife went to Ensworth hospital at St. Joseph, where Dr. Charles Geiger amputated the fingers.

Mr. Barber is a young man about 25 years old and is as gritty as a western Kansas farm. Although his hand must be quite painful, he never utters a word of complaint, and we would not be surprised to hear of him being at the stock show this week enjoying himself as if nothing had ever happened.

Good Span of Mules.

Chris Jackson sold last week to a Maryville man the best span of suckling mules in the county, he thinks. These colts are both mare mules, coal black, with light yellow noses, and 4 and 6 months old respectively. The larger one weighs 700 pounds and is as trim as a pin. They were both foaled by black Norman Percheron mares, weight 1,500 and 1,700 pounds.

The buyer expects to enter the larger one in the show ring at the Maryville old-time street fair, and somebody will have to have a good one if Chris' mule doesn't carry off the blue ribbon.

Paralyzed Three Times.

John H. Bender of Skidmore, while working in his yard Thursday morning, received a slight stroke of paralysis. This stroke rendered him very dizzy and he was quite sick, but it did not materially affect him in speech or the use of his limbs. Sometime afterward he received the second stroke, which was more severe than the first, and greatly affected his mind and vocal organs, also his whole left side. On Monday morning Mr. Bender received the third stroke of paralysis and is now confined to his bed.

He is 77 years old and has always been in fairly good health and has been all his life an industrious, hard working man.

Three years ago last August, Samuel Bender, brother of John H. Bender, and also a citizen of Skidmore, was stricken with paralysis, and has been confined to the house and almost to his room ever since.

The Benders are old settlers of Nodaway county, having come here before the war, and have made this their home ever since. Mr. John Bender lived in Graham until about two years ago, when he moved to Skidmore. Samuel Bender lived on a farm west of Skidmore until a few years ago, when he retired and moved to Skidmore.

Will Visit Son's Family.

Mrs. Agatha Kroetch and her daughter, Mrs. John Kirch, went to Clyde Thursday, where Mrs. Kroetch will spend a month with her son, Fred Kroetch, and family. Mrs. Kroetch will then return to Maryville to spend the winter with her daughter, Mrs. Kirch, and family. She only recently returned from a four years' residence at Louisiana, Mo., with her daughter, Mrs. William Schenkel.

Here On Business.

James Snyder of Red Oak, Ia., who formerly served as Nodaway county's highway engineer, arrived in Maryville Friday morning on business.

The first part of the evening was taken up by a very creditable program in the Normal chapel. The program included an address by Prosecuting Attorney George P. Wright and several readings and musical numbers by the students and faculty.

READY TO BE SENT

PUBLIC SCHOOL FUND HAS BEEN
APPORTIONED BY COUNTY CLERK

FOR VARIOUS DISTRICTS

Amount This Year is Much Larger and
the School Enumeration Smaller
Than Last Year.

The apportionment of the public school fund has been made up by County Clerk George Demott and is ready to be turned over to the county treasurer, who will send out the amounts apportioned to the various districts. The school funds available for this year are somewhat in excess of the amount received last year. Last year the total amount was \$31,589.25, while this year the total is \$33,907.88. The total for the Maryville district last year was \$4,876.88, while the amount available this year is \$5,176.43. The number of school children, according to the enumeration, is less in Nodaway county this year than it was last year. Last year the number of children of school age was 8,206, while this year the number is 8,111.

The rate per pupil is therefore given a boost both ways. The amount of money is larger, while the number of children is smaller. Last year the rate per pupil was \$3.57, while this year it is \$3.85.

BASKET BALL TOURNAMENT AT NORMAL

A basket ball tournament will be played at the Normal within the next few weeks. The teams entering are all composed of Normal students. Beginning next Wednesday evening at 4:15 a schedule of twenty games will be played, and the winning team of the entire tournament will receive a prize not yet decided on. In order to make the teams as equal as possible the members of last year's first team of the school will be distributed on the different teams. The roster of last year's team was composed of Mitchell, McGrew, McLintock, Perrin and Taylor. Five teams will take part in the tournament. There will be no admission charged and the public is cordially invited.

WRECK ON WABASH NEAR SHENANDOAH

The Wabash passenger train from the west, due here at 10:52 this morning, was delayed several hours on account of a freight wreck on the other side of Shenandoah, near Strahn. Two freights had a head-on collision about 2 o'clock Friday morning, resulting in a considerable loss to the road, but no lives were lost, according to early reports. The passenger was derailed around on the Burlington, coming back onto the Wabash at Shenandoah, and did not reach here until 2:30 o'clock this afternoon.

STANDING AROUND.

(From St. Joseph News-Press.)

How many men one may see in al-
most any town, simply "standing
around!" Take a railroad train in any
direction, and count the number of
men standing around every little sta-
tion as the train comes in. Go up-
town, and see how many men there
are sitting around the stores on coun-
ters and goods boxes, with seemingly
no occupation whatever. Simple idle-
ness is one of the careless sins of a
great many men in America. "Not
alotful in business, fervent in spirit,
serving the Lord," is the great apos-
tle's triple rule for sure success in
life.

So many men appear to be just
"hangers on," without any set purpose
in life of any kind. Almost any kind
of definite purpose is better than none
at all. Daniel, about whom all our
Sunday schools were studying a week
ago, has been described as "the man
with a purpose," and the first thing
said of him is that he "purposed in
heart that he would not defile him-
self." But he also purposed to make
himself useful in Babylon; and he car-
ried out that purpose so well that he
was a leading statesman, whose knowl-
edge and work were valued, not only
in the Chaldean empire, but in that
of the Medes and Persians, which fol-
lowed.

One thoroughly successful man has
given this piece of advice: "Young
man, don't drift; row your boat up
stream, down stream, or across the
stream, or sail it, if you will, in any
definite direction; but whatever you
do, don't drift." "Strike while the
iron is hot," is a good motto; but
"Make the iron hot by striking" is
better. Better do any kind of work
for a dollar a day, or even less, for a
time, if need be, than to be among
the crowd that is simply "standing
around."

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple
Remedy for Dandruff, Falling,
Faded, Gray Hair.

The old idea of using sage for dark-
ening the hair is again coming in
vogue. Our grandmothers used to
have dark, glossy hair at the age of
75, while our mothers have white hair
before they are 50. Our grandmothers
used to make a "sage tea" and apply it
to their hair. The tea made their
hair soft and glossy, and gradually
restored the natural color.

One objection to using such a prepa-
ration was the trouble of making it,
especially as it had to be made every
two or three days, on account of sour-
ing quickly. This objection has been
overcome, and by asking almost any
first-class druggist for Wyeth's Sage
and Sulphur Hair Remedy the public
can get a superior preparation of
sage, with the admixture of sulphur,
another valuable remedy for hair and
scalp troubles. Daily use of this prepa-
ration will not only quickly restore
the color of the hair, but will also stop
the hair from falling out and make it
grow.

Get a bottle from your druggist to-
day. Use it and see for yourself how
quickly dandruff goes and gray hairs
vanish.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists. Special agents, Koch Phar-
macy.

For Street Fair.

M. A. Turner and Albert Kuchs re-
turned Thursday night from a busi-
ness trip to Kansas City in the inter-
est of our coming street fair, to be
held October 9-14.

Limb Fractured in Accident.

Leslie Voshell, a young man 17 years
of age, whose home is in Braddyville,
Ia., sustained a broken limb Tuesday
morning when his horse slipped and
fell on the north river bridge.

Young Voshell had been visiting at
the Mrs. James Friend home and had
started to town on horseback. While
crossing the bridge the horse slipped
on a damp board and fell on its side,
crushing the rider's leg beneath its
body. The horse regained its feet and
ran away, and the young man was
found a few minutes after the accident
by Guy Plummer and family, who
were driving to town.

They assisted him into the carriage
and brought him to the office of Dr.
C. G. Dean, where it was learned that
the large bone in his limb was broken
just below the knee. Dr. Dean reduced
the fracture and Mr. Plummer took
the injured boy to the home of Mrs.
Friend. He will be confined to his
bed for several days.—Burlington
Junction Post.

"I am on my second box of Mi-o-na.

best thing I ever used for stomach

trouble."—J. M. Burger, R. F. D. No.

HAIR THAT FASCINATES.

Who Wants Lustrous Hair Full of
Life and Beauty?

Start now, madam; September is
just the month to begin to acquire a
glorious head of hair of which you
will be justly proud during the social
events of winter time.

If you haven't used Parisian
Sage you aren't on the high road
to hair beauty. Parisian Sage is the
most delightful preparation that de-
stroys the dandruff germs, and by so
doing removes in a short time the
cause of dandruff, falling hair, itch-
ing scalp, faded and lifeless hair.

Dandruff germs are obstructionists,
they prevent the hair from receiving
its proper nourishment by ravenously
devouring the same nourishment. Use
Parisian Sage for one week and note
the wonderful improvement. The
Koch Pharmacy guarantees it. 50
cents a bottle.

SHOPMEN WAIT STRIKE CALL

Predicted 35,000 Men on Harriman Lines Will Quit.

DAY AND HOUR TO BE FIXED

Vice President Kruttschnitt's Final Refusal to Treat With Federation Results in Declaration That Walk-out Will Follow.

Chicago, Sept. 29.—A strike on the Harriman lines, involving more than 35,000 shopmen, is inevitable, according to the five presidents of the international unions to which most of the men belong. The calling of the strike awaits only the word from these officials, who have not yet agreed upon the hour. According to these same officials, the contemplated struggle will determine to a great extent the future attitude of all railroads in their dealings with employees.

The shopmen will strike, they say, not because of dissatisfaction with wages nor conditions of labor, but to establish the newly organized federation of shop employees as a means of negotiating disputes between employers and employees.

The railroads refuse to recognize the federation because officials say it practically would mean the placing of all operating affairs in the hands of the federation and would turn railroad management into chaos.

The dispute reached a climax when Julius Kruttschnitt, vice president of the Harriman lines, reiterated the determination of the roads not to meet with the federation.

J. W. Kline, president of the International Blacksmiths' and Helpers' union, communicated this decision to other union heads and then authorized a statement that a strike would be called as soon as the day and hour could be agreed upon.

Later it was said three of the union heads, including the machinists, hitherto the chief restraining force, were agreed to call a strike tomorrow, not later than noon.

M. O. O'Sullivan, president of the International Sheet Metal Workers, is here consulting with Kline. The heads of the boiler makers and the carmen are in Kansas City, Mo. President O'Connell of the machinists' union is in Davenport.

Threaten Strike at Arsenal.

Davenport, Ia., Sept. 29.—Machinists employed by the government at the Rock Island arsenal adopted a resolution to proceed to extreme measures if the Taylor system is installed in federal arsenals and navy yards. This is considered equivalent to a threat to strike. The government machinists also voted to send President Johnston to Boston on Oct. 4 to represent them before the congressional committee which will investigate the Taylor system.

TO CUT OUT MIDDLEMEN

Ten Thousand Families Combine to Lower Cost of Living.

New York, Sept. 29.—Ten thousand heads of New York families, 500 retail dealers in fifty lines and members of the Pennsylvania state grange have combined in an association here to eliminate the middleman and lower the cost of living.

While the Pennsylvania state grange is completing negotiations with the association this week to handle their output, a small army of canvassers is enrolling hundreds of other families in the movement, and officers of the association are negotiating with the farmers of New York state to handle their products also.

The association plans to act as a clearing house between producer and consumer, dividing between them the profit of the various middlemen through whose hands food commodities have hitherto passed. In the case of some farm products, the association finds that six middlemen have been reaping profits before the products reach the consumer.

Two strikebreakers were injured slightly. Several arrests were made. Strikebreakers were jeered continually and threatened by a large crowd.

A Reader Cures His Constipation—Try It Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?"

Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels, has looked the whole field over, has practiced the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin has the best claim to attention from constipated people.

Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong

cathartics and such things. Syrup Pepsin, by training the stomach and bowel muscles to again do their work naturally, and with its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Graveline of 98 Milwaukee Ave., Detroit, Mich., and Mr. J. A. Vernon of Oklahoma City. Thousands of others of both sexes have written to Dr. Caldwell telling of gratifying results. It can be obtained of any druggist at fifty cents and one dollar a bottle, or if you want to try it first a free sample bottle can be obtained by writing the doctor.

For the free sample address Dr. W. B. Caldwell, 841 Caldwell building, Monticello, Ill.

WOMEN AVIATORS RACE

Miss. Dutrieu Competes Against Misses Quimby and Moisant.

Nassau Boulevard, N. Y., Sept. 29.—The feature of the flying at the international aviation meet was the event for women.

Miss. Helene Dutrieu, the diminutive Frenchwoman who has flown the record distance of 136 miles for women, was pitted against Miss Matilda Moisant, America's champion aviatrix, and Miss Harriet Quimby, the first member of the supposedly less courageous sex to win a pilot's license in this country.

Earle Ovington continued his mail carrying flights.

WILEY TALKS TO INDIANA DOCTORS

Says Simple Remedies Should Be Sold by Druggists.

Indianapolis, Sept. 29.—Simple remedies for common ailments should be on sale at drug stores, according to Dr. Harvey W. Wiley, chief of the government's chemistry bureau, who addressed the Indiana State Medical association at its annual banquet. Concerning the physician's duty to the public, Dr. Wiley said:

"It would be a real blessing to the public of every township, town or city, if the physicians of that vicinity should meet and prescribe a number of simple remedies which the pharmacists could keep on hand and dispense to the public without the advice of a doctor. Practically every good effect which is now accomplished by the patent and proprietary remedies could be secured in this perfectly legitimate way at little expense to the community.

"At the same time the people would be spared the deception, the fraud, the injury and the robbery of the patent and proprietary medicine propaganda."

CRAWFORD MEN CONTROL

South Dakota Progressives Unable to Come to Terms.

Mitchell, S. D., Sept. 29.—After a day of negotiations between the R. G. Richards and Crawford factions as to who should control in the LaFollette booster organization, a committee was selected dominated by the Crawford element, leaving it up to Richards to accept or not co-operate. Resolutions were adopted condemning Taft and strongly supporting the Wisconsin man. The Richards forces will proceed independently.

Single Man Adopts Baby.

Marshalltown, Ia., Sept. 29.—Adoption papers that prove very unusual from the fact that the would-be parent is unmarried were filed here, in which Richard G. West, a young man of this city and single, adopts as his son Robert Cecil McDonald, aged twenty-three months, son of Frank W. McDonald and wife of Albion. The babe will hereafter be known as Estel Cecil West.

Missionary in Prison.

Ames, Ia., Sept. 29.—Miss Georgia Day, a graduate of the Iowa state college in 1909, is held a prisoner by native Chinese in the Chinese city of Chengtu, according to word which has been received by friends here. Miss Day is a missionary. Friends are alarmed over Miss Day's imprisonment, as she is in the center of the Boxer uprising.

Fireman Killed at Wichita.

Wichita, Kan., Sept. 29.—The fire in the wholesale district, in which Fireman W. C. McFall was killed and George Smith of Fort Smith, Ark., and Earl Smith of Coffeyville, Kan., were slightly injured, caused a property loss of \$132,000.

MOHLER CHOSEN U. P. PRESIDENT

Present General Manager Will Have Headquarters in Omaha.

SPOUL FOR SOUTHERN PACIFIC

Director of Maintenance and Operation Kruttschnitt Will Relinquish Much of Detail Work to Presidents. Lovett Still Supreme.

New York, Sept. 29.—The changes in the operating organization of the Union Pacific and Southern Pacific systems recommended by Judge R. S. Lovett, chairman of the executive committee, details of which he has been working out with the committee and the higher officers of the company for several months, were announced following meetings of the board of directors, at which the plan was approved.

A. L. Mohler, now vice president and general manager of the Union Pacific, has been selected as president of that company and of the Oregon Short Line, with headquarters at Omaha.

William Sproul, who was for a number of years its freight traffic manager, has been selected as president of the Southern Pacific company, with headquarters at San Francisco. He is now the president of the Wells-Fargo Express company.

Thornwell Fay, now vice president and general manager, has been selected as president of the companies operating the Southern Pacific lines in Texas and Louisiana, with headquarters at Houston and New Orleans.

J. D. Ferrell, now vice president in charge of the Puget Sound extension, has been selected as president of the Oregon-Washington Railroad and Navigation company, with headquarters at Portland.

Epes Randolph, now vice president and general manager, has been selected as president of the Southern Pacific Railroad company of Mexico with headquarters at Tucson.

Responsible for Traffic.

Each of these presidents will have supervision of all local departments and will be responsible for traffic as well as for transportation.

J. Kruttschnitt, director of maintenance and operation, and L. J. Spence, the principal assistant of J. C. Stubbs, and who has been selected to succeed him as director of traffic (Mr. Stubbs having some time ago decided on account of failing health and advancing years to retire Jan. 1, 1912 remaining, however, in a consulting capacity), will move to New York. They will retain all the authority now possessed by them, but will exercise it in a more critical and advisory and less administrative manner, relinquishing to the presidents much of the detail with which they have hitherto been burdened.

Judge Lovett, as chairman of the executive committee, will retain the chief executive authority of the system.

HURT AT BEDFORD

GUY BENT HAS COLLAR BONE
BROKEN IN TWO PLACES.

KNOCKED DOWN BY AUTO

Would Have Been Killed But For the
Quickness of the Driver
of the Car.

Guy Bent, the 19-year-old son of Mr. and Mrs. Lincoln Bent of this city, met with a painful accident Thursday afternoon at Bedford, Ia., where he was engaged with his brother-in-law, Albert Swann, in erecting the new Clark opera house building there, under the direction of the contractor, Lincoln Bent.

The accident happened just at noon, as the men were stalling for dinner. Mr. Swann and his brother-in-law were having a playful scuffle as they started to their boarding place, and young Mr. Bent started quickly across the street after having given Mr. Swann the last "chug" in the little scuffle. His cap was pulled down over his eyes so low that he did not see an automobile that was nearly on him as he reached the middle of the street, and the driver could not stop the car before it struck him.

The occupants of the car were Mr. Tracey and his son, who are automobile dealers of Bedford. The younger Mr. Tracey was driving the car. Seeing he would be unable to stop his car from striking Mr. Bent he held out his right arm and shoved him forward to prevent a sharp projection of the machine from passing into his head. This act of Mr. Tracey, Jr., saved the young man from being instantly killed. Mr. Lincoln Bent says, who witnessed the accident, Mr. Tracey's arm was badly lacerated in his successful effort to save the young man's life.

Young Mr. Bent's injuries were attended to by Drs. Dunning and Archer of Bedford. His collar bone was broken in two places. An end of the bone protruded at one place and several stitches had to be taken. A bad cut was on one side of his head and a deep cut in one leg.

Mr. Bent and Mr. Swann brought the young man to Maryville on the Burlington train Thursday evening and he was taken to his home at 405 West Fourth street.

He suffers considerably from his injuries, but his perfect condition physically will enable him to make a good recovery. It was indeed a lucky accident.

OMAR CATTERSON MADE WINNINGS

Visiting Daughters.

Mrs. David Housel went to St. Joseph Thursday evening to visit her daughter, Mrs. Lewis Morgan. She was accompanied by her grandson, Master Tracey Starr, the son of Mrs. Morgan, who has been visiting at the Housel home. Communication

Editor, Democrat-Forum: I noticed in the daily last week a statement from Mr. Anderson Craig in regard to the probable candidacy of Hon. E. P. Deal of Mississippi county for state treasurer, which pleased me very much. I did not know that Mr. Deal was spoken of for any state office, but I do know that he was the most able representative by far in the forty-sixth assembly. He handled the appropriation bills in a manner that commanded the respect and admiration of everybody. He did more and worked harder than any other member of the house. I think I am safe in saying that the manner in which he handled the work assigned to him enabled the senate and house to complete their work at least ten days earlier than they would have. My personal acquaintance with Mr. Deal is very limited, but from what I saw of him last winter he is just the kind of a man that I like to support for any office.

A CORN CONTEST AT THE STREET FAIR

In another column of this paper will be found an advertisement of more than usual interest to the farmers of this vicinity. In it are set forth in a brief way the conditions governing entries in the corn contest to be held during the street fair for prizes offered by the Alderman Dry Goods company and the Field-Lippman Music company. The prizes offered by these enterprising firms aggregate \$65, divided into four divisions with ten prizes, the largest of which is a sweepstakes prize of \$20 for the best ten ears of corn of any variety.

Prof. John E. Cameron of the department of agriculture at the Normal will do the judging, which will close October 12th. The two stores will have booths at which all of the corn entered will be placed on exhibition, and on Saturday, the 14th of October, will be sold to the highest bidder at auction, the proceeds of the sale going to St. Francis hospital.

The exhibits are to consist of ten ears each, and entries must be made by Wednesday night, October 11th.

BOYER, REFEREE IN BANKRUPTCY

John S. Boyer, the attorney, has been appointed referee in bankruptcy for the St. Joseph division of the western district of Missouri for a term of two years from January 1, 1912, by Judge A. S. Van Valkenburgh of the federal court. Boyer succeeds Ben J. Woodson, appointed twelve years ago by Judge John F. Phillips. Mr. Woodson, who is a Democrat, had tendered his resignation to Judge Van Valkenburgh, effective the first of the year. The office pays about \$2,000 a year in fees.

Boyer is a native of Buchanan county and has been practicing law in St. Joseph twelve years and served a term as city attorney. Boyer belongs to the cotton sock faction of the Republican party and is related by marriage to John Albus. Other candidates for the appointment are C. V. Hickman, classed as a silk stocking, and Judge C. A. Mossman, neutral.

SEVENTY-FIVE PRIZES IN THREE YEARS

John S. Gross sent two pens of Rose Comb White Leghorn chickens to Sedalia Thursday evening for exhibition at the Missouri state fair next week. He will go to Sedalia the coming Tuesday. The birds are dandies. He values one cockerel highly and has refused \$25 for him. Mr. Gross has captured seventy-five prizes with his Rose Comb Leghorns in the last three years.

Here On Business.

Mrs. Allie Woolley of Kansas City and her sister and her husband, Mr. and Mrs. Charles J. Ferrel, of near Platte City, came to Maryville Thursday on business. Mr. and Mrs. Ferrel returned home Thursday evening, but Mrs. Woolley remained for a short visit, the guest of Mr. and Mrs. G. P. Batnum and other friends and relatives. She will go to Skidmore Friday evening to visit relatives until Saturday, when she will return home.

Span of Suckling Mules Sold by Chris
Jackson Are Said to Be in the
Prize Winning Class.

(Skidmore New Era.)

John W. Barber, son of F. C. Barber, three miles west of Skidmore, met with the serious misfortune Thursday of losing three of his fingers while feeding a corn shredder. John was wearing gauntlet gloves, and while feeding the machine a heavy stalk of corn struck and knocked his hand into the knives before he could jerk it back, cutting off the first, second and third fingers below the knuckle joints.

Mr. Barber came to town and Dr. Lee dressed the hand. The next morning Mr. Barber and his wife went to Ensworth hospital at St. Joseph, where Dr. Charles Geiger amputated the fingers.

Mr. Barber is a young man about 25 years old and is as gritty as a western Kansas farm. Although his hand must be quite painful, he never utters a word of complaint, and we would not be surprised to hear of him being at the stock show this week enjoying himself as if nothing had ever happened.

Good Span of Mules.

Chris Jackson sold last week to a Maryville man the best span of suckling mules in the county, he thinks. These colts are both mare mules, coal black, with light yellow noses, and 4 and 6 months old respectively. The larger one weighs 700 pounds and is as trim as a pin. They were both foaled by black Norman Percheron mares, weight 1,500 and 1,700 pounds.

The buyer expects to enter the larger one in the show ring at the Maryville old-time street fair, and somebody will have to have a good one if Chris' mule doesn't carry off the blue ribbon.

Paralyzed Three Times.

John H. Bender of Skidmore, while working in his yard Thursday morning, received a slight stroke of paralysis. This stroke rendered him very dizzy and he was quite sick, but it did not materially affect him in speech or the use of his limbs. Sometime afterward he received the second stroke, which was more severe than the first, and greatly affected his mind and vocal organs, also his whole left side. On Monday morning Mr. Bender received the third stroke of paralysis and is now confined to his bed.

He is 77 years old and has always been in fairly good health and has been all his life an industrious, hard working man.

Three years ago last August, Samuel Bender, brother of John H. Bender, and also a citizen of Skidmore, was stricken with paralysis, and has been confined to the house and almost to his room ever since.

The Benders are old settlers of Nodaway county, having come here before the war, and have made this their home ever since. Mr. John Bender lived in Graham until about two years ago, when he moved to Skidmore. Samuel Bender lived on a farm west of Skidmore until a few years ago, when he retired and moved to Skidmore.

READY TO BE SENT

PUBLIC SCHOOL FUND HAS BEEN
APPORTIONED BY COUNTY CLERK

FOR VARIOUS DISTRICTS

Amount This Year is Much Larger and
the School Enumeration Smaller
Than Last Year.

The apportionment of the public school fund has been made up by County Clerk George Demott and is ready to be turned over to the county treasurer, who will send out the amounts apportioned to the various districts. The school funds available for this year are somewhat in excess of the amount received last year. Last year the total amount was \$31,589.25, while this year the total is \$33,907.88. The total for the Maryville district last year was \$4,876.88, while the amount available this year is \$5,176.42. The number of school children, according to the enumeration, is less in Nodaway county this year than it was last year. Last year the number of children of school age was 8,296, while this year the number is 8,111.

The rate per pupil is therefore given a boost both ways. The amount of money is larger, while the number of children is smaller. Last year the rate per pupil was \$3.57, while this year it is \$3.85.

BASKET BALL TOUR- NAMENT AT NORMAL

A basket ball tournament will be played at the Normal within the next few weeks. The teams entering are all composed of Normal students. Beginning next Wednesday evening at 4:15 a schedule of twenty games will be played, and the winning team of the entire tournament will receive a prize not yet decided on. In order to make the teams as equal as possible the members of last year's first team of the school will be distributed on the different teams. The roster of last year's team was composed of Mitchell, McGrew, McIntock, Perrin and Taylor. Five teams will take part in the tournament. There will be no admission charged and the public is cordially invited.

WRECK ON WABASH NEAR SHENANDOAH

The Wabash passenger train from the west, due here at 10:52 this morning, was delayed several hours on account of a freight wreck on the other side of Shenandoah, near Strahn. Two freights had a head-on collision about 2 o'clock Friday morning, resulting in a considerable loss to the road, but no lives were lost, according to early reports. The passenger was detoured around on the Burlington, coming back onto the Wabash at Shenandoah, and did not reach here until 2:30 o'clock this afternoon.

Not ANY Glasses

Don't forget that there ARE Glasses that will do your eyes more harm than good.

Glasses chosen in any other way are a positive danger. This point cannot be given too much emphasis.

It is as easy for you to get the right kind as the wrong.

We will choose them for you, and do it in such a way that mistakes are impossible. At

STANDING AROUND.

(From St. Joseph News-Press.)

How many men one may see in al-
most any town, simply "standing
around!" Take a railroad train in any
direction, and count the number of
men standing around every little sta-
tion as the train comes in. Go up-
town, and see how many men there
are sitting around the stores on coun-
ters and goods boxes, with seemingly
no occupation whatever. Simple idle-
ness is one of the careless sins of a
great many men in America. "Not
slothful in business, fervent in spirit,
serving the Lord," is the great apos-
tle's triple rule for sure success in
life.

So many men appear to be just
"hangers on," without any set purpose
in life of any kind. Almost any kind
of definite purpose is better than none
at all. Daniel, about whom all our
Sunday schools were studying a week
ago, has been described as "the man
with a purpose," and the first thing
said of him is that he "purposed in
heart that he would not defile him-
self." But he also purposed to make
himself useful in Babylon; and he car-
ried out that purpose so well that he
was a leading statesman, whose knowl-
edge and work were valued, not only
in the Chaldean empire, but in that
of the Medes and Persians, which fol-
lowed.

One thoroughly successful man has
given this piece of advice: "Young
man, don't drift; row your boat up
stream, down stream, or across the
stream, or sail it, if you will, in any
definite direction; but whatever you
do, don't drift." "Strike while the
iron is hot," is a good motto; but
"Make the iron hot by striking" is
better. Better do any kind of work
for a dollar a day, or even less, for a
time, if need be, than to be among
the crowd that is simply "standing
around."

RESTORE GRAY HAIR
TO NATURAL COLOR

By Common Garden Sage, a Simple
Remedy for Dandruff, Falling,
Faded, Gray Hair.

The old idea of using sage for dark-
ening the hair is again coming in
vogue. Our grandmothers used to
have dark, glossy hair at the age of
75, while our mothers have white hair
before they are 50. Our grandmothers
used to make a "sage tea" and apply
it to their hair. The tea made their
hair soft and glossy, and gradually
restored the natural color.

One objection to using such a pre-
paration was the trouble of making it,
especially as it had to be made every
two or three days, on account of sour-
ing quickly. This objection has been
overcome, and by asking almost any
first-class druggist for Wyeth's Sage
and Sulphur Hair Remedy the public
can get a superior preparation of
sage, with the admixture of sulphur,
another valuable remedy for hair and
scalp troubles. Daily use of this pre-
paration will not only quickly restore
the color of the hair, but will also stop
the hair from falling out and make it
grow.

Get a bottle from your druggist to-
day. Use it and see for yourself how
quickly dandruff goes and gray hairs
vanish.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists. Special agents, Koch Phar-
macy.

For Street Fair.

M. A. Turner and Albert Kuchs re-
turned Thursday night from a busi-
ness trip to Kansas City in the inter-
est of our coming street fair, to be
held October 9-14.

fell on the north river bridge.

Young Voshell had been visiting at
the Mrs. James Friend home and had
started to town on horseback. While
crossing the bridge the horse slipped
on a damp board and fell on its side,
crushing the rider's leg beneath its
body. The horse regained its feet and
ran away, and the young man was
found a few minutes after the accident
by Guy Plummer and family, who
were driving to town.

They assisted him into the carriage
and brought him to the office of Dr.
C. G. Dean, where it was learned that
the larger bone in his limb was broken
just below the knee. Dr. Dean reduced
the fracture and Mr. Plummer took
the injured boy to the home of Mrs.
Friend. He will be confined to his
bed for several days.—Burlington

HAIR THAT FASCINATES.

Who Wants Lustrous Hair Full of
Life and Beauty?

Start now, madam; September is
just the month to begin to acquire a
glorious head of hair of which you
will be justly proud during the social
events of winter time.

If you haven't used Parisian
Sage you aren't on the high road
to hair beauty. Parisian Sage is the
most delightful preparation that de-
stroys the dandruff germs, and by so
doing removes in a short time the
cause of dandruff, falling hair, itch-
ing scalp, faded and lifeless hair.

Dandruff germs are obstructionists,
they prevent the hair from receiving
its proper nourishment by ravenously
devouring the same nourishment. Use
Parisian Sage for one week and note
the wonderful improvement. The
Koch Pharmacy guarantees it. 50
cents a bottle.

SHOPMEN WAIT STRIKE CALL

Predicted 35,000 Men on Harriman Lines Will Quit.

DAY AND HOUR TO BE FIXED

Vice President Kruttschnitt's Final Refusal to Treat With Federation Results in Declaration That Walk-out Will Follow.

Chicago, Sept. 29.—A strike on the Harriman lines, involving more than 35,000 shopmen, is inevitable, according to the five presidents of the international unions to which most of the men belong. The calling of the strike awaits only the word from these officials, who have not yet agreed upon the hour. According to these same officials, the contemplated struggle will determine to a great extent the future attitude of all railroads in their dealings with employees.

The shopmen will strike, they say, not because of dissatisfaction with wages nor conditions of labor, but to establish the newly organized federation of shop employees as a means of negotiating disputes between employers and employees.

The railroads refuse to recognize the federation because officials say it practically would mean the placing of all operating affairs in the hands of the federation and would turn railroad management into chaos.

The dispute reached a climax when Julius Kruttschnitt, vice president of the Harriman lines, reiterated the determination of the roads not to meet with the federation.

J. W. Kline, president of the International Blacksmiths' and Helpers' union, communicated this decision to other union heads and then authorized a statement that a strike would be called as soon as the day and hour could be agreed upon.

Later it was said three of the union heads, including the machinists, hitherto the chief restraining force, were agreed to call a strike tomorrow, not later than noon.

M. O. O'Sullivan, president of the International Sheet Metal Workers, is here consulting with Kline. The heads of the boiler makers and the carmen are in Kansas City, Mo. President O'Connell of the machinists' union is in Davenport.

Threaten Strike at Arsenal.

Davenport, Ia., Sept. 29.—Machinists employed by the government at the Rock Island arsenal adopted a resolution to proceed to extreme measures if the Taylor system is installed in federal arsenals and navy yards. This is considered equivalent to a threat to strike. The government machinists also voted to send President Johnston to Boston on Oct. 4 to represent them before the congressional committee which will investigate the Taylor system.

TO CUT OUT MIDDLEMEN

Ten Thousand Families Combine to Lower Cost of Living.

New York, Sept. 29.—Ten thousand heads of New York families, 500 retail dealers in fifty lines and members of the Pennsylvania state grange have combined in an association here to eliminate the middleman and lower the cost of living.

While the Pennsylvania state grange is completing negotiations with the association this week to handle their output, a small army of canvassers is enrolling hundreds of other families in the movement, and officers of the association are negotiating with the farmers of New York state to handle their products also.

The association plans to act as a clearing house between producer and consumer, dividing between them the profit of the various middlemen through whose hands food commodities have hitherto passed. In the case of some farm products, the association finds that six middlemen have been reaping profits before the products reach the consumer.

A Reader Cures His Constipation—Try It Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?"

Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels, has looked the whole field over, has practiced the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin has the best claim to attention from constipated people.

Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong cathartics and such things. Syrup Pepsin, by training the stomach and bowel muscles to again do their work naturally, and with its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Graveline of 98 Milwaukee Ave., Detroit, Mich., and Mr. J. A. Vernon of Oklahoma City. Thousands of others of both sexes have written to Dr. Caldwell telling of gratifying results. It can be obtained of any druggist at fifty cents and one dollar a bottle, or if you want to try it first a free sample bottle can be obtained by writing the doctor.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

WOMEN AVIATORS RACE

Miss. Dutrieu Competes Against Misses Quimby and Moisant.

Nassau Boulevard, N. Y., Sept. 29.—The feature of the flying at the international aviation meet was the event for women.

Miss. Helene Dutrieu, the diminutive Frenchwoman who has flown the record distance of 136 miles for women, was pitted against Miss Matilda Moisant, America's champion aviatrix, and Miss Harriet Quimby, the first member of the supposedly less courageous sex to win a pilot's license in this country.

Earle Ovington continued his mail carrying flights.

WILEY TALKS TO INDIANA DOCTORS

Says Simple Remedies Should Be Sold by Druggists.

Indianapolis, Sept. 29.—Simple remedies for common ailments should be on sale at drug stores, according to Dr. Harvey W. Wiley, chief of the government's chemistry bureau, who addressed the Indiana State Medical association at its annual banquet. Concerning the physician's duty to the public, Dr. Wiley said:

"It would be a real blessing to the public of every township, town or city, if the physicians of that vicinity should meet and prescribe a number of simple remedies which the pharmacists could keep on hand and dispense to the public without the advice of a doctor. Practically every good effect which is now accomplished by the patent and proprietary remedies could be secured in this perfectly legitimate way at little expense to the community."

"At the same time the people would be spared the deception, the fraud, the injury and the robbery of the patent and proprietary medicine propaganda."

CRAWFORD MEN CONTROL

South Dakota Progressives Unable to Come to Terms.

Resolutions were adopted condemning Taft and strongly supporting the Wisconsin man. The Richards forces will proceed independently.

Single Man Adopts Baby.

Marshalltown, Ia., Sept. 29.—Adoption papers that prove very unusual from the fact that the would-be parent is unmarried were filed here, in which Richard G. West, a young man of this city and single, adopts as his son Robert Cecil McDonald, aged twenty-three months, son of Frank W. McDonald and wife of Albion. The babe will hereafter be known as Estel Cecil West.

Ames, Ia., Sept. 29.—Miss Georgia Day, a graduate of the Iowa state college in 1909, is held a prisoner by native Chinese in the Chinese city of Chengtu, according to word which has been received by friends here. MOHLER CHOSEN U. P. PRESIDENT

Present General Manager Will Have Headquarters in Omaha.

SPROUL FOR SOUTHERN PACIFIC

Director of Maintenance and Operation Kruttschnitt Will Relinquish Much of Detail Work to Presidents. Lovett Still Supreme.

New York, Sept. 29.—The changes in the operating organization of the Union Pacific and Southern Pacific systems recommended by Judge R. S. Lovett, chairman of the executive committee, details of which he has been working out with the committee and the higher officers of the company for several months, were announced following meetings of the board of directors, at which the plan was approved.

A. L. Mohler, now vice president and general manager of the Union Pacific, has been selected as president of that company and of the Oregon Short Line, with headquarters at Omaha.

William Sproul, who was for a number of years its freight traffic manager, has been selected as president of the Southern Pacific company, with headquarters at San Francisco. He is now the president of the Wells-Fargo Express company.

Thornwell Fay, now vice president and general manager, has been selected as president of the companies operating the Southern Pacific lines in Texas and Louisiana, with headquarters at Houston and New Orleans.

J. D. Ferrell, now vice president in charge of the Puget Sound extension has been selected as president of the Oregon-Washington Railroad and Navigation company, with headquarters at Portland.

Epes Randolph, now vice president and general manager, has been selected as president of the Southern Pacific Railroad company of Mexico, with headquarters at Tucson.

Responsible for Traffic.

Each of these presidents will have supervision of all local departments and will be responsible for traffic as well as for transportation.

J. Kruttschnitt, director of maintenance and operation, and L. J. Spence, the principal assistant of J. C. Stubbs, and who has been selected to succeed him as director of traffic (Mr. Stubbs having some time ago decided on account of failing health and advancing years to retire Jan. 1, 1912 remaining, however, in a consulting capacity), will move to New York. They will retain all the authority now possessed by them, but will exercise it in a more critical and advisory and less administrative manner, relinquishing to the presidents much of the detail with which they have hitherto been burdened.

Judge Lovett, as chairman of the executive committee, will retain the chief executive authority of the system.
